

SYSTEMHOUSE

The monthly review of the financial performance of the UK software and IT services industry

COMPANY INDEX JANUARY 2001 TO DECEMBER 2002

As our reader survey showed, many **SYSTEMHOUSE** subscribers keep all the back issues in order to build a library of the financial performance of companies operating in the UK software and IT services industry.

This index covers all mentioned in **SYSTEMHOUSE** between the issues dated January 2001 and December 2002.

The most detailed reviews of company performance are when we review full year performance. These full reviews - and those relating to interim results - are shown in separate columns.

We index all other comments of substance. Many of these will be as a result of acquisitions or special corporate events like IPOs, profit warnings or, unfortunately, receiverships.

We should point out that the ovumholway.com Hotnews site also has a fully searchable archive section going back more than two years. The service is available to all **SYSTEMHOUSE** subscribers. In addition, **SYSTEMHOUSE** subscribers can now access twelve month's of **SYSTEMHOUSE** editions on the Ovum website.
