9th December, 1964

R-11/12

Dear Harold.

Thank you for your letter of 30th November and for sending me the papers from Norman Sanders. I have read these and his earlier memorandum which your office sent across to me with the greatest interest. I share your view about the value of his work. Much of what he says is in line with our own thinking here and we are certainly taking account of it in formulating our own proposals on computers.

Your
Frank

The Rt. Hon. Harold Wilson, O.B.E., M.P.,
10 Downing Street.
